

**Amendments to the Drawings:**

The attached set of drawings (3 pages), Figures 1-7 replace the current Figures 1-6. Figure 7 (previously Figure 6) includes changes to add the embodiment of polygonal structures comprising polygons having between four and eight corners to address the Examiner's rejection. Figure 1 has been added to represent prior art. Figures 2-4 now replace Figures 1-3 to clarify the Figures only. No amendments have been made to the other Figures in this application.
